& HWB-2 DISPENSER
PRODUCT GUIDE

FETCO®

EXTRACTOR® CBS-2021e

A NEW FAMILY ADDITION...

The next generation of the EXTRACTOR® Brewer Series combines superior extraction with modern European styling in a compact design. Our EXTRACTOR® Brewer Series brewers are specially designed to brew directly into our LUXUS® Thermal Dispensers or a thermal bowl server. Technology that make sense. At FETCO®, we're designing today for the way you'll do business in the future.

THE SCIENCE OF EXTRACTION MADE SIMPLE

The patented pulse-brew intermittent spray shower brewing system features a cascading spray dome to ensure full and even saturation of the coffee bed for perfect coffee every time. You decide whether your roast needs a continuous shower or intermittent surges of water to extract the flavor and aroma that delights the senses.

EXTRACTOR® CBS-2021 SHORT BREWER & THERMAL DECANTER

When a personal touch is part of your day-to-day routine.

All the brewing technology of the award-winning EXTRACTOR® Series that brews directly into a portable thermal dispenser that's perfect for table service.

INNOVATIVE FEATURES

We know you want a great cup of coffee, but how about an exceptional cup of coffee that's easy to brew? With external calibration through front panel technology, set up is easy and operation is even easier. Only the options selected remain activated so the perfect cup of coffee is literally at your fingertips.

CONTEMPORARY STYLING

Sleek, solid construction provides the best of both worlds – stylish good looks and durability. Finally, form meets function and lives happily ever after.

EXTRACTOR® CBS-2021 SHORT BREWER & LUXUS® L3S-05 THERMAL DISPENSER

Versatile, sleek design.

Don't let its stature fool you – our CBS-2021 short delivers big on exceptionally extracted coffee and convenience. Operator-friendly interface is angled so the display is easy to read and the stainless steel brew basket with sleek handle design provides a comfortable grip. So now you have just brewed exceptional coffee with the CBS-2021, now what? Take your coffee wherever you need it with confidence.

ADJUSTABLE PARAMETERS • Brew Volume • Brew Time • Bypass Percent • Pre-Wet Percent • Drip Delay with

HWB-2 HOT WATER DISPENSER

ANOTHER NEW ADDITION TO OUR HOT WATER DISPENSER FAMILY

Our new bundle of joy is a fully insulated, 2 gallon hot water dispenser that is ready to deliver hot, steaming water for: French presses, teas, soups, cheeses, gravies, sauces, pastas, potatoes and more.

Whether you need a customer self-serve solution for tea, oatmeal, and instant beverages or a back-of-the-house solution for menu selections that rely on hot, steaming water, the HWB-2 is the answer. Easy to use and easy to maintain, this 2 gallon dispenser is the perfect size for small applications.

EXTRACTOR® CBS-2021 TALL BREWER & LUXUS® L3D-05 THERMAL DISPENSER *Superior Craftsmanship and Engineering.*

This taller version of the CBS-2021e brews directly into our half gallon L3S-05 with stand and performs beautifully as front-of-the-house or back-of-the-house wait staff support. Because food safety is top priority, you'll appreciate the LUXUS® Thermal Dispenser's built-in faucet guard that provides protection against cross contamination – an important feature to those in the foodservice industry.

HWB-2 COMPACT HOT WATER DISPENSER *Special needs deserve special equipment*

Need hot, steaming water quickly and easily? Coming right up! Our handy sized 2 gallon water dispenser features all electronic components, a controlled refill, and a guard-protected gauge and faucet for added safety. Durable, heavy-gauge stainless steel body construction and consistent water volume allow you to rely on this compact hot water dispenser for a fast, convenient solution no matter what the day calls for.
