

4 LITER VERSION

L3S+S3S

LUXUS® THERMAL DISPENSERS WITH SERVING STANDS

ELECTRONIC DISPLAY

With the built in Freshness Timer™ and Volume Indicator™ to identify how much coffee is inside and for how long it has been held.

VACUUM INSULATED LINER

Optimum heat retention and maximum durability along with a wide open solid front for merchandising.

GUARDED FAUCET

Clear Guard guides operators to the faucet for fewer spills. Faucet and Clear Guard are easily removable for being kept clean.

STABLE SERVING STAND

High and stable Serving Stand ensures comfort while serving drinks and ease of replacement of dispensers.

BUILT-IN DRIP TRAY

The Built-In Drip Tray is designed for ease of cleaning; equipped with a grate, the whole tray is completely removable.
